

# GREENCASTLE PARKS & RECREATION DEPARTMENT

**Parks  
Make  
Life  
Better!**

## 2017 Program & Event Guide

Dear Greencastle Residents:

On behalf of the Greencastle Board of Park Commissioners, I want to thank everyone who made 2016 another outstanding year for the Greencastle Parks & Recreation Department.

Last spring, McKenzie, Julie & Mark Carr and *A Kinetic Change* built the Keith Carr Basketball Court at Big Walnut Sports Park, which saw a summer dedication with a 3-on-3 basketball tournament. In addition, the Greencastle Civic League planted 9 good sized trees around the Keith Carr basketball court, which will provide a small, but instant forest.

Speaking of BWSP and trees, Arthur and Ann Garceau donated funding for 11 trees, which were planted on the eastern border of the park. Crabapple trees were planted for spring color, deciduous trees for fall color, and pine trees for a windscreen to their daughter's home across the street. BWSP also saw the first of hopefully many high school cross country meets, which drew many new users to the park!

In Robe-Ann Park, we saw completion of the Heartland Tennis & Pickleball Courts with lessons offered during the July 4th Independence Day Celebration. An Anderson Street gateway project presented itself which converted the old roadway to a walkway following the replacement of the 2" waterline service to the central restrooms. Shelter #5 received new legs and updated electrical service due to storm & high wind damage. The Greencastle Civic League purchased additional benches and trash receptacles for the Bob York Splash Park.

Sean Ramey, Troop 99 Life Scout, chose as his Eagle Project updates to Jaycee Park. He replaced the roof and assembled additional picnic tables for one of the shelters and is designing a new entryway sign to the park.

Looking toward 2017, this year opened with a surprise (bad note) that during a routine roof inspection, the Bob Flanigan Band Shell was found in unsafe condition and would ultimately need replacement. That project has already drawn many volunteer offers and will address a redesign of the central circle area and its long-time drainage issues. Either way the drawing board is a clean slate and open to new ideas.

This year, Micaela Cancellia Park, our newest park, will see installation of playground equipment, park sign and new trees this spring. We will also be implementing an on-line program registration process to make our programs easier to access and register for.

I want to close with a hearty thank you to the Mayor, Common Council, Board of Park Commissioners, City Clerk/Treasurer, and residents of the City of Greencastle for your continued commitment and support toward providing a wide assortment of positive leisure activities for our citizens. This wouldn't be possible without your support!

Sincerely,  
Roderick M. Weinschenk, Director  
Greencastle Parks & Recreation Department

# Facility Reservation and Rental Fees

## Shelter Reservations (765) 848-1515

Reservations for park shelters may be obtained by visiting with the Mayor's Executive Assistant in Greencastle City Hall at One North Locust Street, Greencastle between the hours of 8:00 a.m. to 5:00 p.m. Shelters may be used from 8:00 a.m. to 10:00 p.m. daily. Although reservations may be taken up to 1-year in advance, shelter reservation fees must be paid in the year the shelter is used or as early as January 2nd of each year. Once reserved and paid, a sign will be posted on the date of use with the party's name, thus reserving its use. If the shelter reservation fee is not paid as of the reserved date, the reservation will not be posted and the shelter may be used by other park users. If not posted, picnic shelters may be used on a first-come-first served basis. Please note that at no time are alcoholic beverages allowed in any of the municipal parks.

## Music in the Park(s)

The Greencastle Board of Park Commissioners recognize the importance music plays during picnic shelter use and encourages the use of the picnic shelters for music programs. Because musical programs extend beyond the "normal" use of the park shelters, the park board does require a written request to be reviewed during their monthly meetings, which are held at 7:30 p.m. on the first Thursday of each month in Greencastle City Hall. Call (765) 653-3395 to be added to the agenda.

## Disc Golf Course

The new 19-hole disc golf course installed at Big Walnut Sports Park is available for rentals by organizations wishing to provide an activity for their members or for fundraiser tournaments. Specific fees have been established by the park board for those organizations wishing to charge their users an entry fee - versus - those who will not. See rental fee scale below.

## Softball Fields

The softball field located in Robe-Ann Park and the southwest softball field at Big Walnut Sports Park are available to users for practices, games, and fundraiser softball tournaments. To use the fields for team practices, games or tournaments a "Use Permit", "Softball Field Rental Agreement" and "Tournament Roster & Acknowledgement of Risk" forms are required and can be obtained through the parks department's office at (765) 653-3395.

## Not-For-Profit Organizations

The Greencastle Board of Park Commissioners has recognized the need for discounted prices for "not-for profit" organizations. To be eligible for discounted use, a state or federal recognized 501(c)(3) certificate must be presented at the time of reservation. All fundraisers also extend beyond the "normal" use of the park facilities and the park board requires a written request to be reviewed during their monthly meetings, which are held at 7:30 p.m. on the first Thursday of each month in Greencastle City Hall. To be added to the agenda, contact Parks & Recreation Director Rod Weinschenk at (765) 653-3395.

## Resident vs Non-Resident Fees

In the following fee structure, "residents" are defined as living within the corporate city limits of Greencastle and who pay city property taxes and "nonresidents" live outside the corporate city limits. This means that if you live **inside** the City, you will see facility rental fees drop in most cases. If you live **outside** the City, you can expect to pay a little bit more.

## PICKLE BALL PROGRAMS

*Here's a new sport to town! Wondering what it's all about? Doesn't it sound like FUN?*

Pickle Ball is a combination of tennis, table tennis (ping-pong), badminton and racquetball and is one of the fastest growing sports in the country today. It may have a silly name but it is a serious sport enjoyed by the Baby Boomer Generation. It's fast paced and easy to learn, great exercise and lots of fun. Pickle Ball is played on a badminton size court with a lowered net. It is played with a perforated plastic ball, similar to a whiffle ball, and wood or composite paddles. The game is easy to learn and requires little athletic ability. You can play at a slow level or at a highly competitive level. Lessons and open court play will be held at the newly constructed Pickle Ball courts in Robe-Ann Park. Pickle Ball 101 Lessons are included with a \$20.00 membership, which gains access to the storage cabinet.

For more information on the sport of Pickle Ball, go to [USAPA.org](http://USAPA.org).

# SUMMER

## JULY IS " PARKS & RECREATION MONTH ! "

Since 1985, the National Recreation and Parks Association has designated the month of July as "Parks and Recreation Month". Recreation facilities and parks across the country use July to celebrate the kick-off of summer programming as well as a time to pull their communities together to volunteer, get involved in great outdoor physical activities and advocate for parks and recreation.

Spending the day at the park is not only great for your wallet, it's great for your health, too. Frequently going to a park and being active can reduce stress, improve cardiovascular health, help ward off obesity and decrease the feelings of depression. For example, studies have shown that:

- ◆ Active users of public parks have a lower body mass index
- ◆ People who visit parks for long periods of time (one hour or more) have significantly lower systolic blood pressure levels
- ◆ Park users who are more physically active and who make frequent contact with friends during their leisure are less likely to report feeling depressed
- ◆ Citizens who have better access to parks, visit parks more frequently, and engage in physically-active park behaviors also make fewer visits to their doctor

So, visit one of Greencastle's city parks and celebrate "National Parks & Recreation Month" — Everyday!

### Friends of the Park Association of Putnam County, Inc. - Fact

Did you know the goal of the *Friends of the Park Association of Putnam County, Inc.* is to provide healthy recreation by promoting our community parks and recreation assets and to also help with park and facility improvements. If you feel the same and are interested in joining *Friends of the Park*, please check out their link on the City of Greencastle's website.

# WINTER 2017

## Greencastle Parks & Recreation Department's "Energy Assistance Plan"

The custom of burning the Yule Log goes back to, and before, medieval times. It was originally a Nordic tradition. Yule is the name of the old Winter Solstice festivals in Scandinavia and other parts of northern Europe. The Yule Log was originally an entire tree that was carefully chosen and brought into the house with great ceremony. The largest end of the log would be placed into the fire hearth while the rest of the tree stuck out into the room! The log would be lit and slowly fed into the fire through the Twelve Days of Christmas.

Nowadays, of course, most people have central heating, so it is very difficult to burn an entire tree; but some people still use wood burning stoves. "No" we aren't going to let you cut down a tree in one of our parks; however, on occasion we have to remove one, trim one or clean up after a storm. If we do and leave a pile of wood curbside along the roadways, please feel free to take it home. One rule does apply - because of the threat of spreading harmful insects or plant fungus; it is a requirement the firewood doesn't leave Putnam County. Thanks, and stay warm!
